

## Make your own Box Tops collection container

### It's easy...here's what you need:

Scissors or craft knife (make sure children are supervised when using cutting tools!)

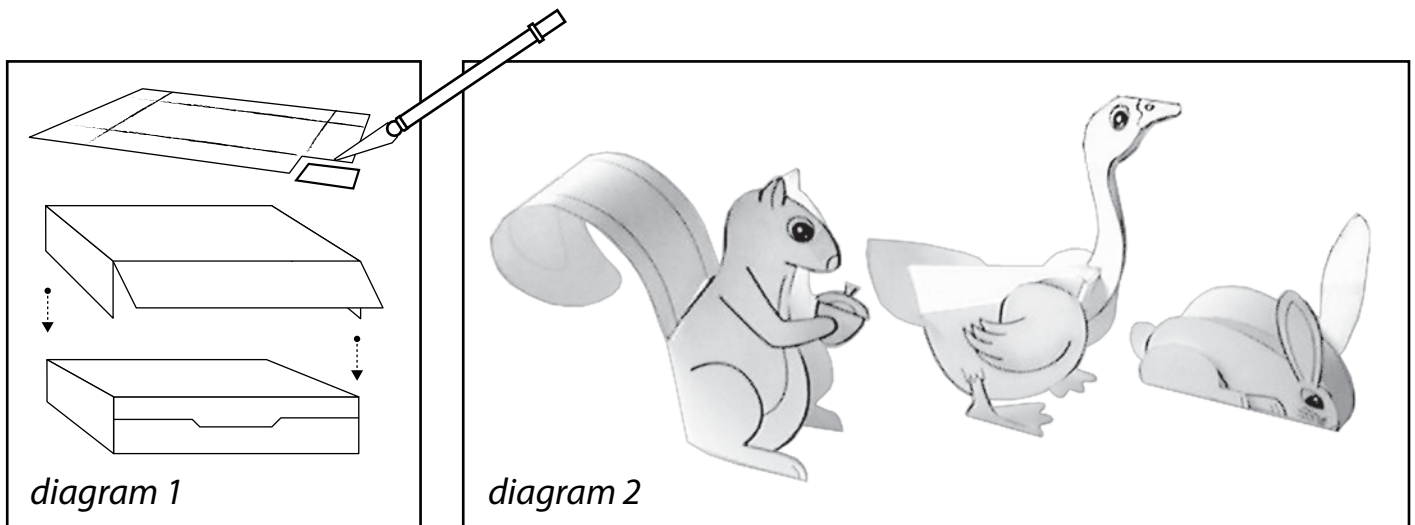

Glue or tape

Crayons or markers

A box from any variety Betty Crocker® snack bars

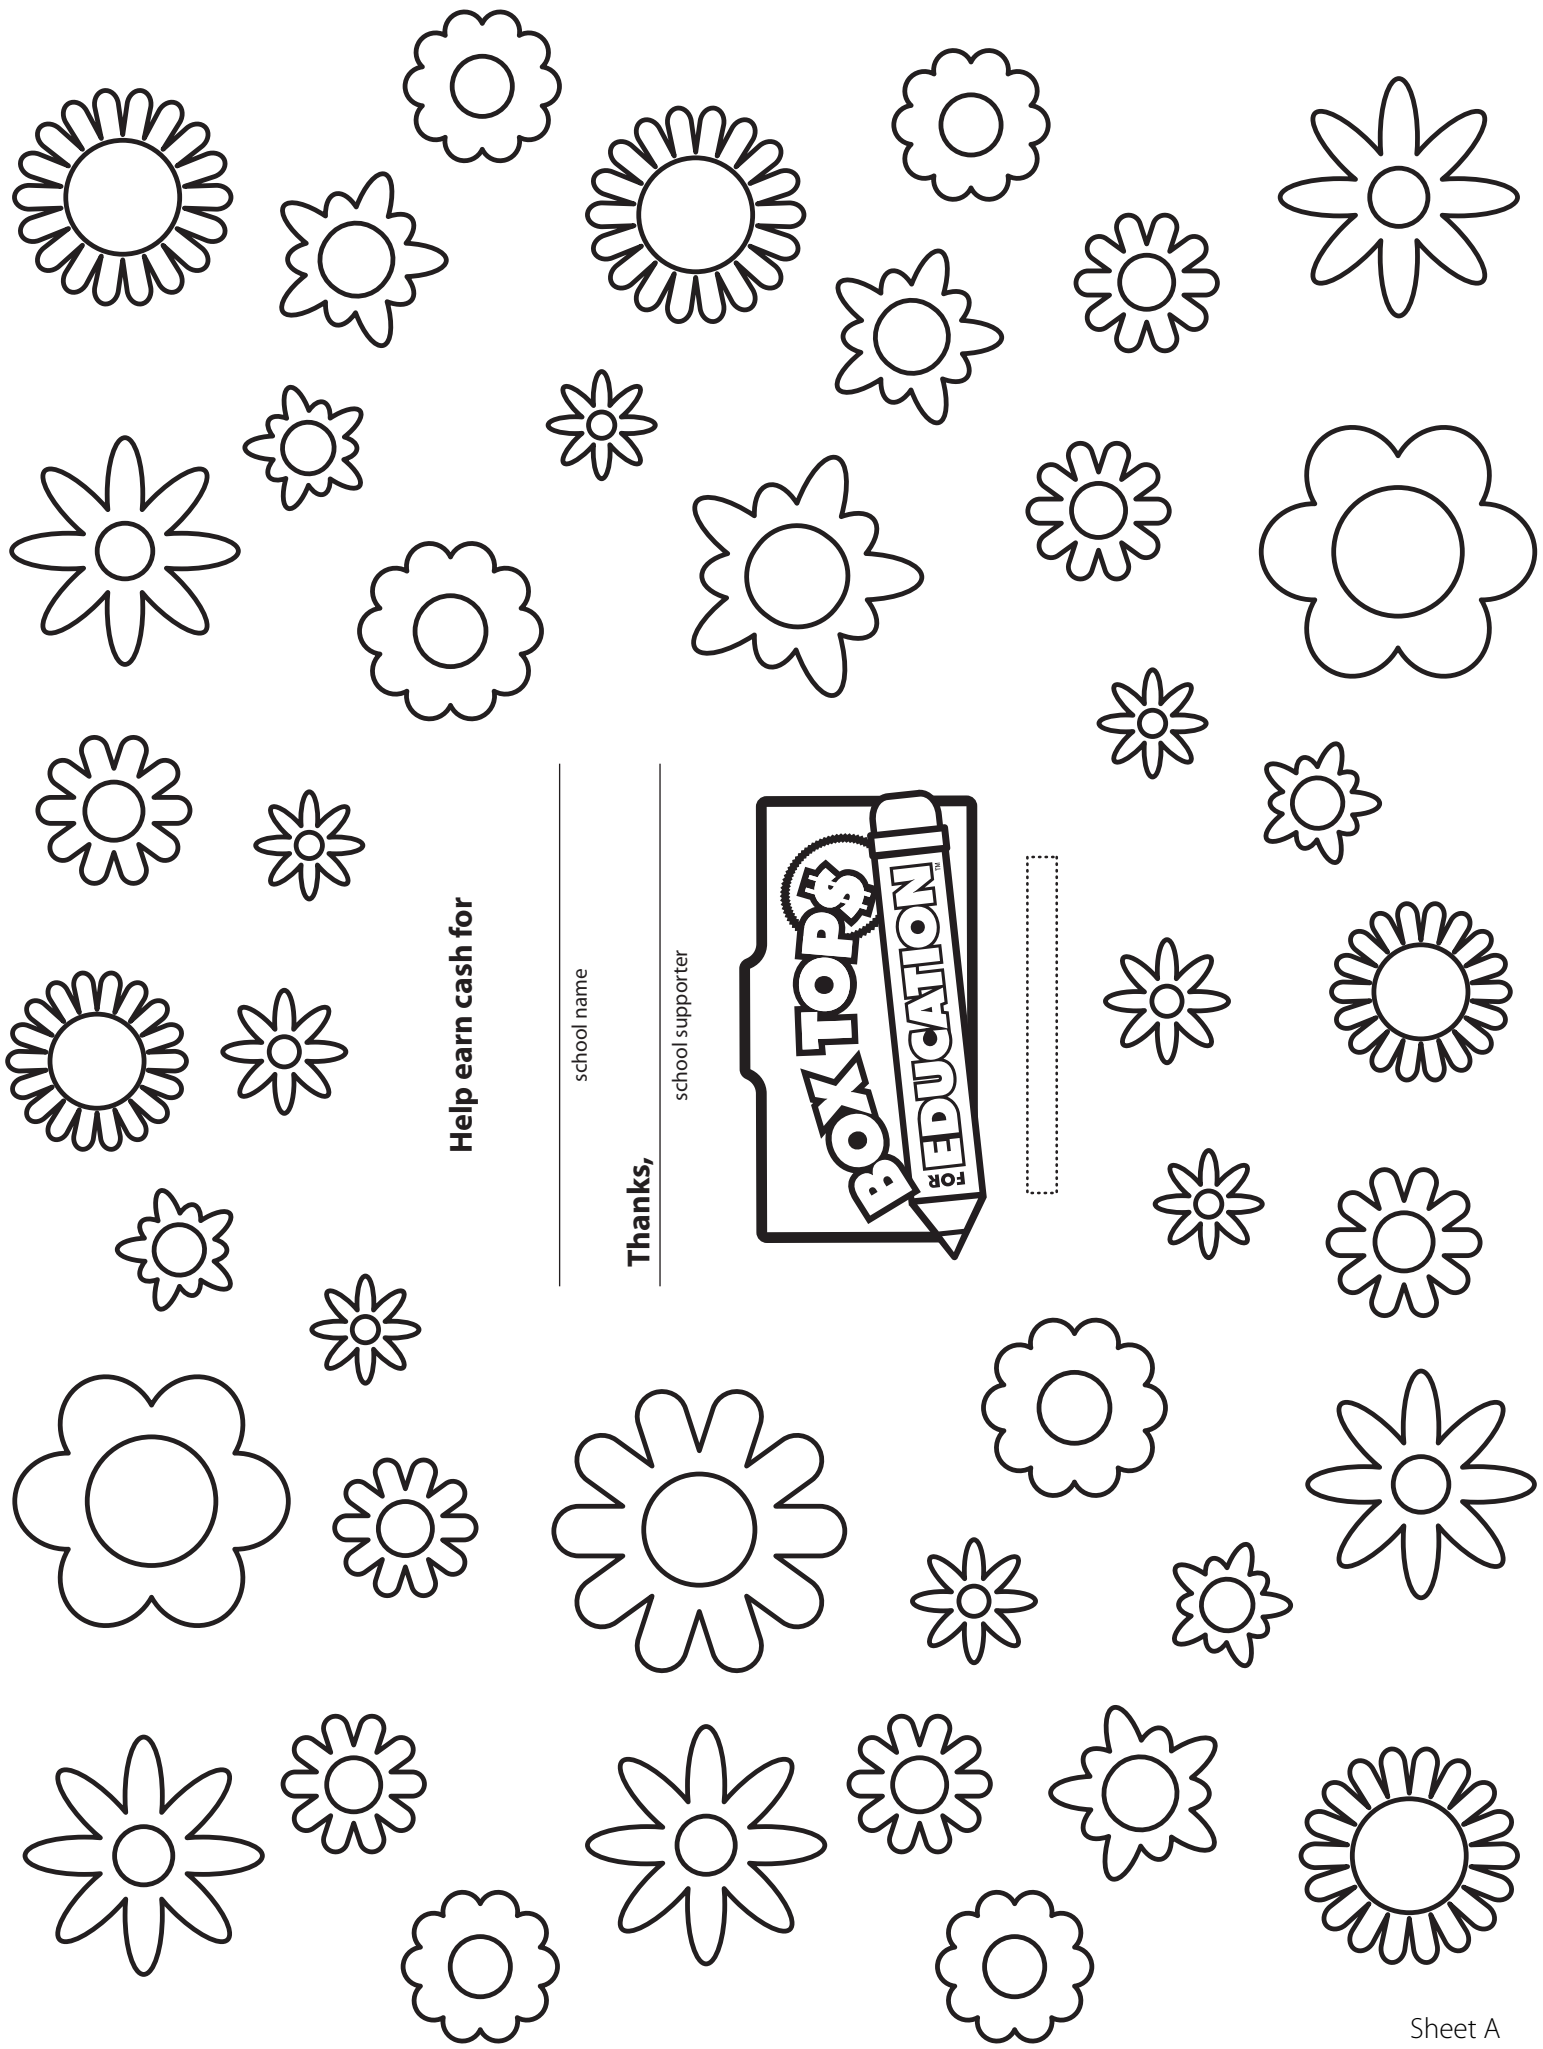

### Directions:

1. Print out the collection project designs. **Sheet B** works better on card stock.
2. Have your child color and decorate the designs. If you wish, you can write your name and/or your school's name on the designs, too.
3. Trim **sheet A** to fit your box by centering the box on top of the sheet and tracing around it with a pencil. Extend all of the lines to the edge of the paper. Cut off each of the four corner rectangles. Position on box, fold flaps down, and secure with tape or glue. *See diagram 1*
4. Cut out the dotted-line rectangle on the cover of the box to create a slot to insert Box Tops.
5. Cut out the animals on **sheet B** cutting only where the small diagrams indicate.
6. Assemble the animals by folding on the dotted lines. Always fold away from the printed side. Use tape or glue to make the paper animals more stable. *See diagram 2*
7. Tape or glue the animals to the box to create your own spring scene. Collect your Box Tops in this container. When it's full, you can bring them to your school to be submitted.

**Earnings tip:** Make several of these containers and give them to friends and family, or bring them to work. Don't forget to label the design with your name and school. It's a great way to remind everyone to clip Box Tops...and the more you collect, the more your school can earn!
